

AMENDMENTS TO THE SPECIFICATION

Please replace the paragraph no. [0074] of the specification with the following amended paragraph:

[0074] As the adsorbing agent or the reducing agent both using an inorganic compound, there can be mentioned, for example, ferrous or ferric sulfate, ~~Schwertmanite~~Schwertmannite, sodium thiosulfate, hydrotalcite and hydroxyapatite. Ferrous sulfate and ~~Schwertmanite~~Schwertmannite are preferred particularly.
